By donating ...

You improve lives. You become a philanthropist. You become an ambassador for good will and what's right. You feed the hungry. You defend people whose rights are violated. You speak out against violence and injustice. You make a difference.

What can my donation do?

- ❑ **\$5** pays for a basic literacy class in El Salvador.
- ❑ **\$10** can enable a whole family to benefit from a fuel-efficient stove made from local materials in El Salvador.
- ❑ **\$15** can provide protection for a Mexican family whose rights are being violated through the services of a human rights lawyer.
- ❑ **\$20** per month or **12 people donating \$20** can provide training to street children in MANTHOC in Lima, Peru to learn trades (e.g. baking, card-making, candle-making).
- ❑ **\$25** donated by 20 of your friends can enable 3 women in Nigeria to become entrepreneurs and have enough income to send their children to school.
- ❑ **\$50** can enable a Afghani woman to learn to read and to access health care.

How Development and Peace uses its funds:

MONTHLY GIVING PROGRAM
OF DEVELOPMENT AND PEACE

For only **33¢** a day you can join **Share Year Round**

That's such a small amount that you'll be hard pressed to think of anything that costs as little. Go ahead. Try and think of something that costs 33¢. A newspaper? No, it costs around 75¢. Twice as much as a Share Year Round commitment. A cup of coffee? Not likely. That's at least three times as much as a Share Year Round commitment. The cost is hardly noticeable but it is oh so valuable to many people in Latin America, Africa and Asia living on less than a \$1 a day.
